TB-0334
AUTHENTICATION MIGRATION
—DISABLING OF RULES

Issued Date: March 4, 2004
Effective Date: March 12, 2004
Section/Group: ITS Authentication and Directory Services
Submitted By: Darrus McBride
Approved By: Darcie Trimble

The purpose of this bulletin is to provide notification to agencies that ITS is beginning to migrate existing applications using the old Siteminder Authentication ("Innerweb" login) to start using the new UMD Authentication environment (login.utah.gov).

ITS is beginning activities to migrate to a new authentication environment—from Siteminder v4.5.1 to v5.5 and from User Info Class to App Profile. We have recently contacted the agency point of contact for each application and website that has been using authentication. Many of the applications and websites that have previously used authentication 'rules' are no longer being used.

Beginning on March 12, 2004, ITS will disable (or deny access to) authentication rules for the following inactive applications and websites:

Organization	Name	Realm	Rule
Archives	itsweb1-archives – 168.179.251.51	ITS-WEB10	Archives itsweb1 static
Finance	Fi-webdev – 168.179.253.44	Finance Web Dev	FileTrackingDB Security
Finance	Fi-webdev – 168.179.253.44	Finance Web Dev	Quest Development
Finance	Fi-webdev – 168.179.253.44	Finance Web Dev	Cognos Development
IntraWare	ProductionRealm	ProductionRealm	ProductionRealm
IntraWare	TestRealm	TestRealm	Testing Realm
ITS	ITS-WEB10	ITS-WEB10	DC RecPlace
ITS	ITS-WEB10		DC Account Dist
ITS	ITS-WEB10		DC Remittance
ITS	itsweb1sit -		W5 DC Finder
ITS	itsweb3	W4 App
